

**SEASIDE FIRE DEPARTMENT**  
**RESIDENTIAL KNOX BOX AGREEMENT**

Name: \_\_\_\_\_

Address: \_\_\_\_\_ Unit Number: \_\_\_\_\_

Phone Number: \_\_\_\_\_ Location of K-Box: \_\_\_\_\_

\_\_\_\_\_

Knox Box locking key boxes are available for residential properties. These key boxes offer a secure place in which to leave a key available for emergency response personnel to enter a private residence in an emergency. Misuse of the program may result in a service charge.

I understand that only **ON DUTY** personnel of the Seaside Fire Department have access to the contents of these Knox Boxes. I also understand that I must provide keys for any areas on my property that I want the Fire Department to have access. Fire Department personnel will place these keys in the Knox Box. If locks to these areas are changed, it is my obligation to contact the Seaside Fire Department so that the keys contained in the Knox Box may be exchanged.

I will arrange for it to be installed in a conspicuous location, near the main entrance to my home.
