September 17, 2018

The Honorable Mayor and Members of the City Council:

The 2018-2019 Budget secures the strategic goals of improving fiscal strength for the City, while also improving quality of life for the community. The \$32,097,969 budget includes the first \$4.5 million of a two-year program of \$10 million of road repairs and a \$5 million renovation of Cutino Park. Together with other capital improvements and programming enhancements, the road repair program and transformation of Cutino Park represents a significant commitment of resources to improving quality of life through City investment. On September 6, 2018, the City Council approved the issuance of two bonds, one to fund the Cutino Park Improvements and the other to fund the Street Improvements.

With \$32,140,044 of budgeted revenue and \$32,097,969 of budgeted expenses, the 2018-2019 Budget includes a \$42,075 surplus. This budgeted surplus would increase the City's reserves to \$9.5 million, a marked increase from \$4.2 million in 2015. The increase in City's reserves is necessary to hedge against unforeseen circumstances and build capacity to withstand potential delays of tax-generating projects coming on-line as the City funds services. Mandated expenses, such as pension obligations, are one such expense that must be planned for, with annual expense increases trending in the \$250,000 to \$550,000 range over the next six years. The Council should be aware the budgeted surplus of \$42,075 in the upcoming fiscal year is achieved, in part, by budgeting \$300,000 of unexpended compensation, with a conservative estimate of "turnover" savings when positions are unfilled, from time to time.

With an eye toward managing personnel costs while improving effectiveness and efficiencies in critical operations, there are two new full-time positions in the proposed 2018-2019 budget. The first is a Community Services Officer (CSO) in the Police Department. A CSO is a non-sworn, support position which may relieve sworn officers of time-consuming tasks which do not require a fully sworn police professional (including carrying a sidearm). Such tasks include on-scene traffic safety, records assistance and vehicle abatement, among others. The second support position is a Geographic Information System Coordinator. The vast bulk of City operations – including public safety and public works – occur at specific geographic locations. City operations across the community will be significantly enhanced with an operational geographic information system, which will allow City personnel to use computer technology to map, inventory, plan, program, scrutinize and optimize City work.

In addition to the transformative community road repair and Cutino Park improvements, the budget includes a continuation of \$30,000 of funding for homeless support, \$150,000 for park improvements (expected to again be recommended by the Parks Advisory Committee) and a minimum of \$1,500 of budget support for each Board and Commission. The budget also includes \$72,000 for the fireworks event / enhanced enforcement and \$30,000 for the Farmer's Market (note that continuation of the Farmer's Market will require additional budget resources beyond its trial period, if successful). The

budget includes a total \$500,000 for the City Hall Solar project. Please note it is anticipated the project will need approximately \$250,000 of additional funding (the budget will be amended accordingly when the contract is approved by the City Council). The budget also includes a carry-over of \$40,000 for the "Portal" project at the northwest corner of Canyon Del-Rey and Del Monte. The 2018 – 2019 Budget continues the City's participation in the CSUMB Sustainable Cities program, supporting City internship opportunities for CSUMB students and includes a second (and final, as recommended) year of no-cost City permits for community investment in the West Broadway Urban Village. Finally, as is prudent for continuing progress toward achieving fiscal strength and improving quality of life, \$60,000 is budgeted for a conceptual, long-range study of City facility needs and \$40,000 is budgeted to create a long-range budget model.

By launching major capital improvement projects, improving staff's ability to be responsive to the needs of the community and continuing to welcome investment and innovation, the 2018 -2019 Budget moves Seaside ever forward in achieving the community's vision.

THE STRATEGIC DIRECTION

In January 2018, the City Council and the executive staff met to develop the City of Seaside Strategic Direction for the next year.

The City Council confirmed their vision statement:

Seaside is a vibrant, proudly diverse, energetic and safe community, with extraordinary natural beauty, quality of life and economic opportunities.

Staff confirmed our mission statement:

Include Innovate Inspire

The 2018-2019 Adopted Budget was developed with the Strategic Direction of improving community quality of life and achieving fiscal strength as its framework. The following Strategic Goals were incorporated into the budget decisions that are part of the Adopted Budget:

- Achieve Fiscal Strength & Improve Community Quality of Life
- Repair & Rebuild Roads
- Fort Ord Blight Removal & Re-development
- High Value / Low Cost Economic Development & Place-making
- Secure Sustainable Water
- Improve Parks
- Develop Affordable Housing
- Begin Golf Course Hotel Construction
- Support Community Education Opportunities

GENERAL FUND REVENUES

City of Seaside

2018-19 Composition of General Fund Revenue

The fiscal year 2018-2019 General Fund revenues are estimated to be \$32,140,044, an increase of \$1 million or 3% from the 2017-2018 Amended Budget. The increase is largely due to increases in Sales and Use Tax Revenue and anticipated revenue from the Marijuana Receipts Tax. Other revenues such as franchise fees, utility user taxes, business license taxes and fees and charges are anticipated to increase also.

The key revenue sources to the City's General Fund are Sales Tax, Property Tax, Transaction Tax, Transient Occupancy Tax (TOT), Vehicle in Lieu, and Utility User Tax (UUT). These six revenues account for 84%, or approximately \$27 million, of the \$32.1 million in General Fund revenues.

The revenue assumptions used to develop the General Fund estimates are as follows:

The largest revenue source in the General Fund is the Sales tax which is derived from the 1% sales tax applied to all taxable sales in the City. The majority, approximately 54%, of taxable goods sold in Seaside is motor vehicles and other auto related products and services. Auto sales and the related sales tax collections continue to be strong. The 2018-2019 estimate of sales tax

is \$7,500,000. This sales tax projection is based on actual 2018-2019 collections, cost of living index changes and a continued stable economic outlook for the next fiscal year.

Transactions tax is a 1.5% tax applied to taxable goods sold within the City (auto sales are handled differently under the transactions tax rules). The transactions tax estimate is \$6.6 million for 2018-2019. This transaction tax projection is based on actual 2017-2018 collections, cost of living index changes, and a continued stable economic outlook for the next fiscal year.

Property tax revenues are also a significant source of revenue to the City of Seaside. This estimate of \$3,245,422 is based on actual 2017-2018 collections and increasing home prices. The principal property tax payers are:

Lithia Real Estate Inc.	Commercial Property
B & B Golf Course Properties, LLC	Recreation Facilities
Peninsula Real Estate Investment LLC	Commercial Property
California American Water Company	Utility Services
Hovercraft LLC and BJC Seaside LLC	Commercial Property
P and S Real Estate Company	Commercial Property Seaside
Seaside Hospitality Limited Partnership	Commercial Property Seaside Seaside
Laguna Limited	Lodging/Visitor Services
Sunbay Resorts Associates LLC	Residential/Lodging
Verducci Enterprises, LLC	Commercial Property

The estimate for **Vehicle License Fee In-Lieu** is \$3,510,000. This estimate is based on information provided by the County Auditor-Controller.

Another key General Fund revenue is the **Transient Occupancy Tax (TOT)**, which is a 12% tax applied to all hotel/motel room rentals in the City. This revenue is subject to fluctuations in the economy. The 2018-2019 TOT estimate is \$3,300,000. This estimate is based on actual 2017-2018 collections, the improved economy and increased tourism along the Monterey Peninsula. The principal TOT properties in the City (in alphabetical order) are:

Bay Breeze
Discovery Inn
Economy Inn
Embassy Suites
Gateway Lodge
Holiday Inn Express
Howard Johnson
Magic Carpet
Pacific Best Inn
Sand Castle Inn
Sea Lamp Inn
Seaside Inn
Thunderbird

In addition, a TOT to be charged on short-term rental properties is proposed. An estimate of \$100,000 has been included in the General Fund revenues, with \$50,000 earmarked for transfer to the City's Housing Fund to support housing programs and the other 50% to support park improvements.

The **Utility User Tax (UUT)**, a 6% tax on Electric, Gas, Telephone, Water and Cable bills, is an important General Fund revenue. The UUT is one of the City’s more stable revenues; it does not fluctuate dramatically from year-to-year. The UUT collections are essential to maintaining City service levels. The budgeted estimate for the 2018-2019 fiscal year is \$2,782,000. This estimate is based on 2017-2018 collections and anticipated increases in utility rates.

Other important General Fund revenues are fees for development applications and new construction. Recreation programs, including the Pattulo Swim Center, that collect fees that reflect a portion of the costs needed to provide recreation services. The City collects a variety of other service fees which reflect the cost of providing those services, such as, planning fees, building permits, certificates of occupancy, special event applications, and others.

As the City did in the fiscal 2017-2018 year, the building and planning fees for the West Broadway Urban Village have been waived for the 2018-2019 fiscal year.

GENERAL FUND EXPENDITURES

Total 2018-2019 Proposed General Fund Expenditures are \$32,097,969. This adopted expenditure level results in a surplus of projected revenues over proposed expenditures in the General Fund of \$42,075.

The 2018-2019 budgeted expenditures reflect each department’s effort to maintain excellent service levels and to balance the budget. The 2018-2019 Adopted Budget features slightly increased personnel

expenditures due to MOU implementation, increases in retirement and medical rates and the addition of two new positions as discussed above.

OTHER FUNDS

In addition to the General Fund, the budget includes funds from a range of restricted sources that are used to provide specific services, including funds from the Federal Community Development Act (CDBG); the State Gas Tax collections; Storm Water Maintenance; and the Seaside Municipal Water System.

Community Development Block Grant (CDBG) Fund:

The revenues in this fund come from grants from the Federal Community Development Act. CDGB funds are restricted to the revitalization of low and moderate-income areas of the City. In addition, the City of Seaside CDBG Fund receives income from the Embassy Suites rental and principal and interest income from several loan programs. Estimated revenues for 2018-2019 are \$516,882. CDBG expenditures for 2018-2019 are budgeted to be \$516,882. The funds are budgeted for public service programs, debt repayment and other community service related expenditures.

Gas Tax Fund:

Gas tax funds are collected by the State from gas sales. They are then distributed by the State to cities and counties based on population. Gas Tax revenues are estimated to be \$2,402,158 during the 2018-2019 budget year. Gas tax fund expenditures are projected to be \$2,485,455 for the 2018-2019 year. The cost of street maintenance requires the General Fund to transfer approximately \$470,000 in 2018-2019 to cover the difference between funding received from the State and the costs of street maintenance and to meet the maintenance of effort requirement. In addition, a \$10 million financing plan has been budgeted. This funding will be used for capital projects to improve streets throughout the City.

Storm Water Maintenance Fund:

This fund was established to account for revenues and expenditures related to the operation and maintenance of the City's storm drain and storm water management system. Approximately \$660,000 has been budgeted from the General Fund to cover Storm Water costs in 2018-2019. In addition, staff plans to apply for grant funding of \$1,700,000 to fund major storm water capital projects.

Water Fund:

The Water Fund receives revenues from user charges based on water usage. All expenditures for the operation of the water system including maintenance, capital outlay, debt service, and depreciation are charged to this fund. The Water Fund budgeted expenditures are \$994,599. The water receipts are estimated to be \$753,500 for the 2018-2019 budget year. At this time there is a sufficient fund balance to cover this deficit budget. However, a rate increase will be needed in the near future to sustain fiscal stability in the Water Fund.

Sincerely,

Craig Malin
City Manager

CITY OF SEASIDE PROFILE

Seaside is a city in Monterey County, California, United States, with a population of 34,270 according to 2018 California Department of Finance data. Seaside is located on Monterey Bay at an elevation of 33 feet. The elevation in Seaside increases to the east, affording views of the Monterey Bay from multiple areas within the City. Seaside is known for its views of the bay from streets, private property and the golf courses.

The climate is a cool Mediterranean type, strongly influenced by the prevailing winds from the west/northwest, which blow over the Pacific Coast's cool ocean currents. At the nearest National Weather Service Climate Station, the coldest month is January, with an average daily high of 59.9 °F; the warmest month is September, with an average daily high of 72 °F.

Seaside is the home of California State University, Monterey Bay (CSUMB) and the Monterey College of Law, which are located on the site of the former Fort Ord military base. It is also home to the Bayonet and Black Horse golf courses (above), also once part of the Fort Ord military base, now open to the public, and host to PGA Tour events, including the 45th PGA Professional National Championship in 2012 and the 26th Senior PGA Professional National Championship in 2015. The 51st PGA Professional National Championship is scheduled to return to Bayonet and Black Horse in 2018.

2018-19 STRATEGIC DIRECTION

In January 2018, the City Council and the executive staff met to develop the City of Seaside Strategic Direction for the next year.

The City Council confirmed their vision statement:

Seaside is a vibrant, proudly diverse, energetic and safe community, with extraordinary natural beauty, quality of life and economic opportunities.

Staff confirmed our mission statement:

Include Innovate Inspire

The 2018-2019 Proposed Budget was developed with the Strategic Direction of improving community quality of life and achieving fiscal strength as its framework. The following Strategic Goals were incorporated into the budget decisions that are part of the 2018-2019 Adopted Budget:

- Achieve Fiscal Strength & Improve Community Quality of Life
- Repair & Rebuild Roads
- Fort Ord Blight Removal & Re-development
- High Value / Low Cost Economic Development & Place-making
- Secure Sustainable Water
- Improve Parks
- Develop Affordable Housing
- Begin Golf Course Hotel Construction
- Support Community Education Opportunities

The City's ability to accomplish its strategic direction will lead to increased fiscal stability needed to improve and enhance services for the community. The City has embarked on the important strategic direction of Investing in the Community's Future.

Seaside's local economy includes tourism generated by the Monterey Bay, attractions along the Central Coast, and California State University Monterey Bay (CSUMB). The City is also home to a regional auto sales and services mall that provides significant income to the City and creates employment opportunities in Seaside. Unique eateries have become prominent in the City, drawing customers from as far away as the Bay Area.

Future developments include The Seaside Resort on the Bayonet and Blackhorse Golf Courses, the Main Gate site for retail development, and the Surplus II area for a mixed use development.

The City works with the Monterey County Convention & Visitors Bureau and the Seaside-Sand City Chamber of Commerce and other agencies to encourage the expansion of businesses that generate local revenues and employment opportunities. The City also works with these organizations to develop and market Seaside as a tourist destination.

CITY OF SEASIDE FINANCIAL AND BUDGET POLICIES

ACCOUNTING, AUDITING AND FINANCIAL REPORTING POLICY

The City of Seaside receives an independent audit annually and maintains an internal audit capacity. The City prepares a CAFR (Comprehensive Annual Financial Report) and all other annual financial reports in compliance with Generally Accepted Accounting Procedures (GAAP), as outlined by the Governmental Accounting Standards Board (GASB). The City maintains a strong system of internal controls, which has resulted in an unqualified audit opinion for many years.

RESERVE POLICY

The City Council has established three reserve policies as listed below:

Capital Reserve:

The capital reserve is to be used to fund capital purchases or projects. This reserve is funded by the City Council setting aside funds to be deposited into this reserve. This fund is to have a year-end balance of not less than five percent of operating expenditures.

Special Reserve:

The special reserve is established to be used for extraordinary items that may arise from time to time. This reserve is funded by the City Council setting aside funds to be deposited into this reserve. This fund is to have a year-end balance of not less than ten percent of operating expenditures.

Emergency Reserve:

The emergency/contingency reserve is to be maintained to have a year-end minimum balance of not less than fifteen percent of any given year's general fund operating expenditures; at each year end the reserve is to have not less than fifteen percent of the year's operating expenditures. This reserve is to be used for non-budgeted emergencies that may occur, including weather emergencies, economic emergencies, equipment breakdown emergencies, and other unforeseen emergencies.

BUDGET POLICY, INCLUDING 2018-2019 BUDGET PREPARATION AND ADOPTION PROCEDURE:

- The City Council will adopt and maintain a balanced annual operating budget and a five-year capital improvement budget.
- Current annual operating revenues will be equal to or greater than current operating expenditures.

- The City will set fees and user charges for enterprise fund activities at a level that fully supports the total direct and indirect program costs.
- The City will establish fees for service based upon an awareness of the total direct and indirect costs of offering the service. It is recognized that certain services may be subsidized by general taxes as determined by the City Council.
- The identification of funding sources will be required for new or expanded programs.
- The City will provide for maintenance and replacement of fixed assets and equipment, as appropriate.
- The City will comply with all the requirements of Generally Accepted Accounting Principles (GAAP).
- The City will annually retain the services of an independent Certified Public Accounting firm to audit the City's financial statements and conduct any tests of the City's records deemed necessary to render an opinion on the City's compliance with Generally Accepted Accounting Principles (GAAP).
- The Adopted Budget may be adjusted from time to time during the fiscal year as needed to accomplish the goals of the City Council. An adjustment of less than \$10,000 within a department may be proposed by the department head and approved by the Finance Director and the City Manager. Budget adjustments of more than \$10,000 require City Council Approval.
- The City's General, Special Revenue, Capital Project and Trust Funds are budgeted and accounting for using the modified accrual basis of accounting. The revenues are recognized when they become measurable and available as net current assets. Property tax revenues and assessments receivable are accrued when collected within 90 days following year-end. Other revenues that are accrued include sales taxes, transaction taxes, utility users and transient occupancy taxes, interest, rent, grants earned and certain other intergovernmental revenue. Expenditures are generally recognized when the liability is incurred, except that interest and principal on general long-term obligations are recognized when due. Enterprise and Internal Service Funds are accounted for using the accrual basis of accounting. Their revenues are recognized when earned, and their expenses are recognized when incurred.
- Cost allocations will be made for internal service charges as follows: Equipment Maintenance is allocated based on the number of vehicles a department uses. Management Information Services is allocated based on the number of computers a department uses. Insurance is allocated based on the department budget. Administrative charges are allocated to activities based on the City's Annual Adopted Cost Allocation Plan.

2018-2019 Budget Process: The Adopted Budget for the 2018-2019 Fiscal Year for the City of Seaside is based on the City Council's direction to focus resources on the City's Vision Statement through accomplishment of the current strategic direction.

The 2018-2019 budget process began with the City Council's commitment to a strategic direction. The City Council and Management staff participated in a strategic planning session, in January 2018. The strategic direction was developed in this session

and formed the basis for the development of the budget.

In January staff began a mid-year review of the 2017-2018 Budget for presentation to City Council. The presentation was made on January 18, 2018.

The budget process was initiated concurrently with the Mid-Year Review. Each department reviewed their expenditures in prior years, and their direction for the upcoming two years. Based on this strategy, the departments prepared and submitted their proposed budgets to the Finance Department for compilation. The Human Resources Department provided personnel costs, including all negotiated salary increases and cost of living adjustments.

The Finance Department prepared revenue estimates using a variety of projection techniques, i.e. prior year collections, economic trends analysis, knowledge of program changes, etc. Using the revenue estimates and the departments' proposed appropriations, the Finance Department assembled a draft of the proposed budget for review by the City Manager. A Proposed Budget was finalized after this review.

The 2018-2019 Proposed Budget was presented to the City Council on June 7, 2018 and the final budget was adopted on June 21, 2018.

GANN APPROPRIATIONS LIMIT (PROPOSITION 4) POLICY:

In 1980, the State Legislature added Section 9710 to the Government Code requiring each local jurisdiction to establish, by resolution, an annual appropriations limit. Informally known as Proposition 4, or the "Gann Initiative", it restricts the total amount of appropriations allowed in any given fiscal year from the "proceeds of taxes." The Code was modified by two subsequent initiatives in 1988 and in 1990. Proposition 98 established the return of tax revenues in excess of the limit, with limited exceptions, to the taxpayers within two years by refund or reduction in tax rates unless extensions of the limit are approved by majority popular vote. Proposition 111 allowed new adjustment formulas for the required appropriation limit, that are more responsive to local growth issues. The proposition also now requires an annual review of the limit calculations, i.e. reviewed by the independent auditor in conjunction with the annual financial audit.

The City monitors the Limit. Staff reviews calculation methodology and alternative factors each year.

STAFFING POLICY:

The adopted Fiscal Year 2018-2019 Operating Budget is a well-planned budget that increases staff levels in order to achieve the City's Strategic Goals and enhance the quality of life in Seaside. The number of staff will increase from 147 full-time equivalents (FTEs) in 2017-2018 to 149 FTEs in 2018-2019, an increase of 2 positions. City staffing

levels are continuously reviewed to identify over/understaffing so that appropriate changes can be made either during the annual budget process or during the mid-year review.

PERFORMANCE MEASURES POLICY:

The budget document has been formatted to detail the operational goals, objectives and performance measurements of each department. The goal of the organization is to establish a comprehensive reporting system which will give the public, the City Council, and the City staff the ability to evaluate the level and value of service provided to the community.

CAPITAL IMPROVEMENT PROGRAM POLICY:

The budget document has been formatted to include a section on the City's Five-Year Capital Improvement Program (CIP). This program provides a multi-year plan for capital improvements which is updated annually to ensure compliance with the program.

CASH MANAGEMENT AND INVESTMENT POLICY:

In accordance with Government Code Sections 53601 through 53659, the City of Seaside annually reviews and approves the Investment Policy. The policy identifies the rules and procedures that apply to investment instruments that may be used to invest idle cash. It is important to note that the City does not invest in high risk investments such as derivatives and reverse purchase agreements. All investments are made within the parameters of the Government Code and the City of Seaside Investment Policy.

DEBT POLICY:

In accordance with SB 1029, the City has adopted a Debt Policy. The policy states the purposes for which debt proceeds may be used, the types of debt that may be issued, the relationship of the debt to, and integration with, the capital improvement program or budget, the policy goals related to the City's planning goals and objectives, and the internal control procedures implemented to ensure the proceeds of a proposed debt issuance will be directed to the intended use.

Mayor & City Council

Boards and Commissions

IT'S A FACT

- The public is welcome to attend and participate at all public meetings
- The City Council adopts legislation enforceable within the City of Seaside
- Mayor and City Council appoints the City Manager and the City Attorney
- Boards and Commissions are made up of Seaside Citizen Volunteers

The City of Seaside is a General Law City with a Council/Manager form of government. The five-member City Council is a legislative and policy-making body that is elected (nonpartisan) to represent the residents of Seaside. Policy decisions are made at City Council meetings, which are held the first and third Thursday of each month at 7:00 p.m. At these public meetings, the City Council makes policy determinations; approves agreements and contracts; adopts ordinances (local laws) and regulations; and authorizes the expenditure of City funds.

Members of the City Council also develop and maintain significant intergovernmental relations with local, state, and federal agencies in order to enhance the economic vitality of Seaside. The City Council also serves as the Board of Directors for the Successor Agency of the Redevelopment Agency of the City of Seaside.

Strategic Goals for 2018-2019

- Achieve Fiscal Strength & Improve Community Quality of Life
- Repair & Rebuild Roads
- Fort Ord Blight Removal & Re-development
- High Value / Low Cost Economic Development & Place-making
- Secure Sustainable Water
- Improve Parks
- Develop Affordable Housing
- Begin Golf Course Hotel Construction
- Support Community Education Opportunities

Boards and Commissions

Commissions and Boards are advisory bodies made up of Seaside citizens appointed by the City Council that serve as an important link between the City Council and Community by providing direct involvement in policy-making and communication of vital information.

The City Council and the Board and Commission Advisory Bodies work towards the betterment of the City and to improve the lives of our citizens.

The Public Affairs/City Clerk is the office that is the information liaison between the public and the City. This office manages the City records and distributes information about the City to the public and makes all efforts to inform, engage and serve our citizens.

The City Clerk's office also facilitates the democratic process by conducting City elections, processing all legislative actions and is the compliance officer for federal, state, and local statutes including the Political Reform Act, the Brown Act, and the Public Records Act.

Priorities for the City Clerks office:

- Approachable service and informative practices to assist citizens to be able to participate and engage in local government
- Increasing engagement by removing barriers and providing transparency of City operations through access to public records, documents and meetings

Outputs for 2017-2018

- Activated the City's Social Media Program
- Developed and deployed "Access Seaside" the City's New transparency portal for increased access to public information
- Attended over 100 public meetings for six different City Boards
- Facilitated over 200 Public Records Act requests
- Facilitated a stand-alone City Election with two ballot measures
- Digitized and provided public access to over 20 years of historical records
- Developed for approval the Boards, Commissions and Committee's Handbook and facilitated of the Commissions' first Annual Work Plan

Objectives for 2018 - 2019

- Conduct a successful, non-partisan election process for November 2018 election
- Increase public engagement through installation of audio/video capabilities at community buildings to live stream all public meetings and special events
- Board and commission development, including alignment, legal compliance, visioning, attendance ensuring maximum public engagement
- Facilitate an effective public engagement and information media campaign targeting 4th of July illegal fireworks enforcement

IT'S A FACT

- The City Clerk is the local official who handles local elections, city records, and assists with public transparency.
- The City Clerk coordinates all appointments to City Advisory Bodies by the City Council.
- The City Clerk publishes all public meeting agendas and legal notices to ensure public awareness of City actions.

Community Development
Block Grant (CDBG) Pro-
gram

Economic Development stimulates business and development activity, to provide employment and tax revenue opportunities for Seaside. Community development aligns land use policies to meet the needs of the community. CDBG federal grant funds are utilized for public service and eligible capital improvement projects.

Include Innovate Inspire

IT'S A FACT

- Seaside won gold for the International Economic Development Council's Economic Development Week promotion. Showed a lot of #SeasideLove!
- CampusTown charrettes for an entire week were popular and resulted in a design that satisfies the community and developer.
- Seaside won a California Association for Local Economic Development (CALED) Award for SeaStars
- Seaside Creates opened on Broadway, allowing for greater community access to city staff..
- A record number of non-profit CDBG applicants will be receiving funds to expand their programs in Seaside.

Outputs for 2017-2018

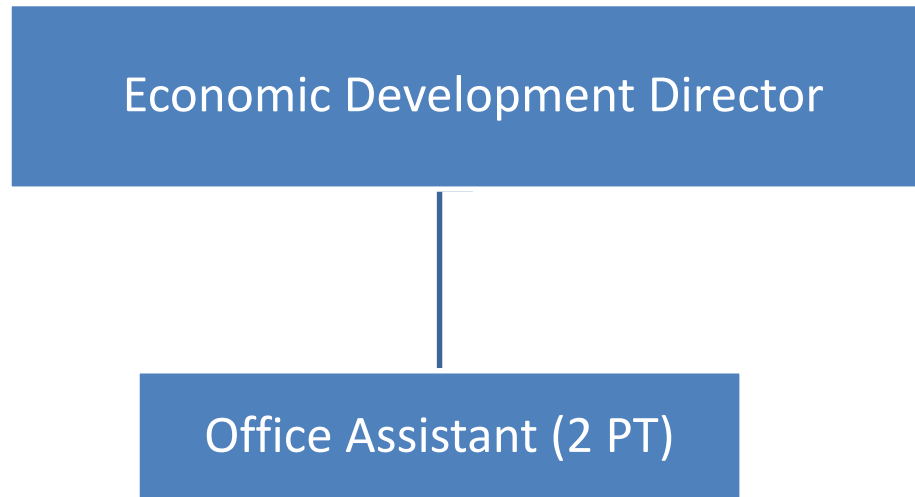

- The General Plan update continues to make progress towards completion, while maintaining a high level of community engagement.
- Six cannabis dispensaries and numerous manufacturing / processing businesses applied to begin business in Seaside.
- Short-term rental ordinance is being reviewed by Council.
- Campus Town is moving forward with Specific Plan and EIR.
- On Broadway, 7 new businesses are underway and the street infrastructure project is now complete.
- Seaside CDBG continues to receive funding, despite federal pressures, 12 entities are queued for funding.
- Nurses barracks has a proposal that will include affordable and market-rate housing in the revitalized structures.
- Oak woodlands are mapped and a preferred option has been identified by Council. Public input continues.

Objectives for 2018-2019

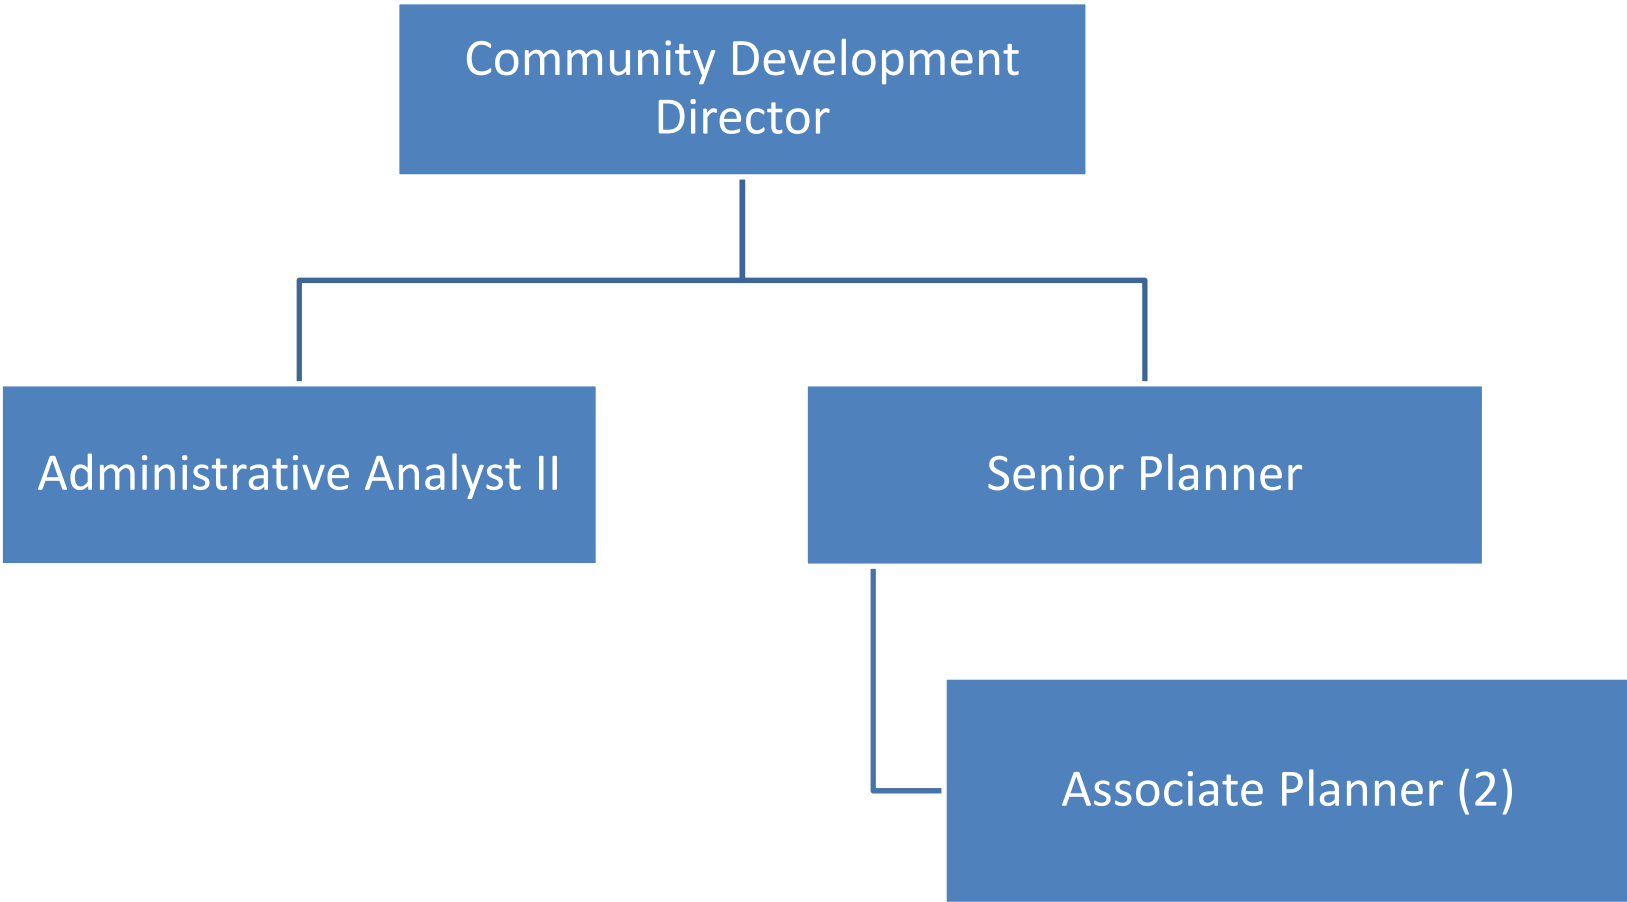

- Continue to pursue development and new business opportunities; continue business outreach
- Continue to improve processes to serve customers and increase business certainty. Offer more pre-development meetings and expand website and online processing
- As the General Plan Update moves toward completion; zoning code becomes more form-based
- Continue to move Fort Ord development projects forward.
- Continue to recruit new businesses to Broadway.
- Promote cannabis tourism and begin Seaside's branding campaign

Building and Code Enforcement

Plan Reviews, Counter Services, Code Enforcement, Inspection Services, Permit Processing

Fiscal Year 17/18

- 641 Permits Issued
- 262 Plan Reviews Completed
- 1473 Building Inspections Conducted
- 39 Certificates of Occupancy to new businesses
- 169 Real Property Reports prepared
- 517 New Code Enforcement Cases
- 466 of 517 Code Enforcement Cases Closed

In providing vital services that directly affect the safe occupancy of both residential and commercial structures, the Building and Code Enforcement Division protects the health, safety, general welfare, and livability of our community through the issuance of permits, inspections, and code compliance within the built environment.

2017 - 2018 Department Efficiency Improvements

- *Elimination of all contracted services within the Building and Code Enforcement Division including all plan check functions and inspection services.*
- *staff is trained to review and approve all residential and non-residential plan submittals, thereby eliminating the dependency upon contracted services and expediting the approval process;*

2018 - 2019 Objectives

- *Promote International Code Council credentialing opportunities for staff by providing educational training and development opportunities.*
- *Facilitate continued improvement in the quality of services provided to the community by focusing on respectful cooperation, clearly defined standards and procedures, and improved progress tracking to help provide a positive, expeditious permitting experience.*
- *Obtain greater voluntary code compliance by promoting community pride and educating residents and property owners through site visits and courtesy letters.*

Project Description

This project is to purchase and install a new portable diesel generator set and reroute connections to a new location in the Police Department Building. The current emergency generator is antiquated, worn and cannot meet the power demands of increases in technology at City Hall. As the emergency center for the City of Seaside, emergency power for City Hall and the Police Station is needed to maintain minimum public safety requirements during a power outage. The existing generator was installed in 1965.

Project Description

California American Water Company is continuing construction of the Monterey Pipeline, a 7-mile transmission main that will bring new sources of water to the Monterey Peninsula from the Pure Water Monterey project in 2018, and eventually, from the planned desalination facility in Marina. Cal Am is implementing the pipeline Fremont Boulevard to Hilby Avenue to Yosemite Street. The project involves reconstruction of the roadway on Hilby Avenue and construction of ADA curb returns.

Project Description

The project consists of evaluating and planning for proposed capital expenditures. A Master Plan would be prepared in 2020 to resolve the capital projects and associated costs necessary to operate the system. The rate study would be performed every 5 years to explore changes in the projected expenditures, revised revenue projections, and cost of service allocation necessary to maintain, operate, and upgrade the water system. Changes to the rate tier structure will be examined and recommended based on recovery of the cost of services, capital improvement requirements, and encouragement of water conservation. The 218 process and financing plan would be included in the scope of work.

Project Description

The project consists of replacing meters and upgrading or installing backflow devices on large irrigation customers. The large meters at Villa Del Mar, Del Monte Manor, King School, Manzanita School, and the International School of Monterey will be replaced by the City. The backflow devices required at these sites will be installed by the tenant. Therefore, the cost for installation for the backflow devices is deduct from the estimated cost since it will be paid by the customer.

Project Description

The project consists of design and construction for the abandonment of Wells #1 and #3 and the installation of one replacement well and new piping. Wells #1 and #3 are no longer being used because the wells were failing due to degradation of the well. The wells will be properly destroyed and appurtenances will be removed and salvaged. The well house at Well #1 will be converted into a storage building. The location of the proposed well, shown on the map above, and proposed depth of the well drawing from near the Monterey Formation, may necessitate additional water treatment to remove nuisance odors.

Project Description

The current Del Monte Lift Station wet well operating volume is inadequate for existing inflow, causing low emergency response time. The proposed upgrades include lining the wet well, installing a bypass, and installing an emergency power generator. The proposed upgrades would increase the response time and would allow a temporary pump to be installed in case of an emergency.

Project Description

The Del Monte Boulevard project proposes to replace and reroute existing sewer main in Fremont Boulevard. The existing main has potential for overflow due to insufficient capacity. Relocating the new sewer in Del Monte Boulevard allows for multiple existing mains to be abandoned and consolidated, and limits construction in Fremont Boulevard which is costly due to the thickness of existing asphalt and concrete in the roadway. Total length of new 15-inch sewer main is approximately 3,200 feet. The new line is sized to accept future flow.

The existing Military Lift Station is in poor physical condition and experiences high levels of inflow and infiltration during storm events. The Lift Station project proposes to replace the station in its entirety, with a new station that matches existing pump and wet well capacity. In addition, the installation of a sealed lid at the station may prevent some inflow at the wet well.

Project Description

The Canyon Del Rey CMP project proposes to replace three existing sewer pipe segments due to potentially poor physical condition. Through routine maintenance operations, the District has determined this sewer main may not be structurally sound, and a nearby stretch of sewer main originally constructed at the same time has already failed and been replaced. The project includes approximately 810 feet of existing 12-inch pipe on Canyon Del Rey from Hilby Avenue to Harcourt Avenue. The pipe segment at Harcourt Avenue, approximately 285 feet, will be upsized to 15-inch to provide capacity for future flow conditions.

Project Description

The sewer line that runs from Del Monte Blvd to Ortiz Ave turning at Contra Costa St. through Sand City and then beneath Highway 1 needs to be periodically cleaned to remove debris. The sewer line size varies from 21-inch to 27-inch diameter and debris accumulate in these pipes due to the low flow velocity. The manhole located in the highway right of way needs to be found so that the cleaning crews can access the sewer line at this location. The sewer line will be cleaned and inspected to ensure that it is operating at full capacity.
