

ELEMENT 1 - GOAL

Seaside County Sanitation District (District) has the following goals for the management and maintenance of the sanitary sewer collection system. These goals provide focus for District Staff to continue high-quality work to operate and maintain District facilities and to implement improvements for management of the collection system to prevent sanitary sewer overflows (SSOs). The role of the SSMP in supporting these goals is discussed below.

1.1 Regulatory Requirement

WDR Order No. 2006-0003-DWQ Section D.13(i) states:

The goal of the SSMP is to provide a plan and schedule to properly manage, operate, and maintain all parts of the sanitary sewer system. This will help reduce and prevent SSOs, as well as mitigate any SSOs that do occur.

1.2 Sanitary Sewer System Goals [WDR D.13(i)]

The District seeks to provide high quality and reliable wastewater collection for its residents and businesses.

District SSMP Goals:

1. Maintain or improve the condition of the collection system infrastructure in order to provide reliable service now and into the future.
2. Cost effectively minimize infiltration/inflow (I/I) and provide adequate sewer capacity to accommodate infiltration and inflow.
3. Minimize the number and impact of sanitary sewer overflows (SSOs) that occur.
